Switchgear and Power Centers

Utility, Industrial, Commercial and Mining Solutions

General Products ([click for mining products](#))

Metal-Clad Switchgear

- 5Kv-38Kv Vacuum or SF6 Circuit Breakers
- Indoor, Outdoor Aisleless, Outdoor PowerAisle

Metal-Enclosed Switch/Fuse Switchgear

- 5Kv-38Kv (manual or motor operated)
- Indoor, Outdoor Aisleless, Outdoor PowerAisle

Automatic Transfer Switchgear

- 600VAC-38KVAC (switches or breakers)
- Transfer between two sources
- Programmed control using PLC
- Tie switch between separately supplied load feeders

Low Voltage Metal-Enclosed Switchgear (AC or DC)

- Drawout power circuit breakers
- Bolted pressure switches
- Indoor, Outdoor Aisleless, Outdoor PowerAisle

Non-Segregated Phase Bus Duct

- 600VAC-38KVAC, 1200A-6000A
- 250VDC-2000VDC, 1200A-12000A

Medium Voltage Motor Control (2.4Kv-7.2Kv) Substation Protective Relay & Control Panels

- Indoor Assemblies (simplex or duplex)
- Outdoor Insulated or Non-Insulated Relay Houses

Portable Switchgear Substations

- Skid mounted
- Rubber-tired (with wheels)

Unitized Substations

- Indoor or outdoor (aisleless or walk-in)
- Dry type cast coil or liquid filled transformers

Mining Products

Portable Substations

- Skid or trailer mounted
- Sizes through 20MVA
- Primary voltage through 138kV

Portable Switch Units

- Skid or trailer mounted
- Voltage through 138kV
- Complete with structures when required

Portable Breaker Units

- Skid or trailer mounted
- Voltage through 38kV

Pump/Lighting Substations

- All sizes
- All voltages

Stationary Support Structures

[Profile](#)
[Products](#)
[PowerAisle®](#)
[Quality](#)
[E-mail Us](#)

- Voltage through 138kV
- Galvanized, aluminum or painted

Mobile Support Structures

- Skid or trailer mounted
- Voltage through 138kV
- Galvanized, aluminum or painted

Specialty Equipment

- Relay houses
- Power centers
- Motor starters

Pad-mounted Switchgear

- Metal-clad through 38kV
- Metal-enclosed through 38kV

Ground Monitor

- Solid state
- Microprocessor technology
- Pilot wireless version
- Retrofits existing CEMCO and Atkinson monitors
