- Maintenance recording data

Visit www.basler.com/ecs2100 to register on-line

School Details

Why should I attend?

This 5-day school is a comprehensive overview of the hardware configuration of the ECS2100 and an extended review of the configuration software (ccTool). Students will learn the basic configuration of the ECS2100 system. There will be an emphasis on the actual hardware included in each system which will allow for a better understanding of the necessary maintenance and troubleshooting of the system.

The review of ccTool will help the student to understand and use the various aspects of ccTools to configure the ECS2100, to use the software for troubleshooting or maintenance, and to change settings in the device.

This course is not intended to instruct the student in commissioning an ECS2100, but to provide him with a basic understanding of the hardware and software that make up an ECS2100 system.

Questions about technical issues or seminar content?

Contact Terry Gaines, Training Manager, phone 618/654-2341, ext. 773, or fax 618/654-2351; e-mail: terrygaines@basler.com.

Lodging

Holiday Inn Express, 20 Central Blvd., Highland IL 62249 618/651-1100

Distance: 43 miles/69.2 KM from Lambert St. Louis International (STL) Airport, east on I-70 to Exit 24 (Route 143), approximately 4 miles to the hotel (Estimated taxi charge one-way: \$60.00 USD).

The hotel is within walking distance of several restaurants and stores and features **free** Express Start **hot** breakfast, **free** wireless Internet, indoor heated swimming pool, and fitness center. It is also located just 30 miles east of downtown St. Louis.

A room block, at the rate of \$83.00 plus tax, single or double, has been made available for our students. Basler will make your reservation for you; it is not necessary to contact the hotel. We suggest that you check in on Sunday, September 12, 2010.

Expenses

The tuition fee includes printed and electronic course reference material, plus lunch each day. You are responsible for all other expenses such as travel, lodging (we will make your hotel reservation based on dates you indicate), and evening meal expenses throughout the week.

Enrollment

Register on-line at www.basler.com/ecs2100 or fax or mail your completed Registration Form(s) to Basler Electric. **Due to limited seating, enrollment is based on receipt of payment.** The tuition for the 5-day school is \$3,000.00, payable by check, MasterCard, VISA, or American Express. Please make checks payable to Basler Electric.

Upon receipt of payment, an enrollment acknowledgement will be sent to you via email or fax. Cancellations received on or before August 23, 2010, will be subject to a \$100 processing fee. Cancellations received after this date will create a credit of the tuition (less processing fee) good toward any other Basler Electric conference or school. This credit will be good for one year. If by August 23, 2010, Basler Electric postpones the training course to a future date, contingent upon number of student participants, the processing fee does not apply.

Complete driving directions will be included in your registration confirmation.

Ready to register?

Complete the form on the next page of this invitation and fax to 618/654-2351 or mail with check (payable to Basler Electric) to Basler Electric Company, Accounting Department, Route 143, Box 269, Highland IL 62249. Or register on-line at www.basler.com. Include your credit card information. A confirmation will be sent to you via e-mail.
